GRAHAM WINS GREAT ENGLISH GOLF TROPHY

Makes the 36 Holes in Aggregate of 146 Strokes to 155 by Travers, American Amateur Champion.

(By Leased Wire to Evening Herald.) Sandwich, May 15.—John Graham Jr., a Scottish member of the Royal Liverpool Golf club, today won the St. George's champion grand challenge cup with an aggregate score of the 26 holes of 146 strokes.

The aggregate score of Jerome D. Travers of Upper Montclair, N. J., the amateur champion of the United States, was 155. Francis Quinet of the Woodland golf club, Massachusetts, the American open golf champion, did 152 in two rounds in 158. Charles W. Evans, Jr., of Chicago finished with an aggregate of 157.

John Graham, Jr., in taking the St. George's champion grand challenge cup, which is worth \$2,500, repeated his performance of 1904, when he carried off the trophy. On several occasions he has just failed to win the amateur championship, and on four occasions has headed the list of amateurs in the open championship.

New Woman Champion.

Hunstanton, England, May 15.—Miss Cecil Leitch won the British women's golf championship today, defeating Miss Gladys Haynescroft, woman champion of the United States, by two holes up and one to play. Miss Cecil Leitch, the new British woman's champion, is only 23 years old. She is the best of a famous quintette of sisters who have figured in championship matches during the last few years. When she was 15 she scored a sensational victory over Harold H. Hilton, the present amateur champion. She won the title of woman's golf champion of France in 1912.

GOFFORTH REFUSES TO BE THIRD IN RING

San Francisco Fight Promoter Declines with Thanks Invitation from Johnson to Pre-side at Paris.

(By Leased Wire to Evening Herald.) San Francisco, May 15.—James W. Coffroth, the prize fight promoter, refused today with thanks an offer from Jack Johnson, the heavyweight champion, to act as the third man in the ring during the Johnson-Moran fight in Paris June 27. Coffroth pleaded business interests that would keep him at home, and suggested in his reply to Johnson that "Jim" Griffin, a former manager of the champion, be selected for referee.

LINING 'EM OUT

Washington and Chicago battled for ten innings yesterday and produced a combined total of five hits. Somebody remarked the other day that those two clubs would be likely to pitch each other to death when they met.

Eddie Bream, who broke the world's high jump record, started life as a hop picker in California—News Note. From the hop to the jump, as it were.

President Hermann of the Cincinnati Reds who last week voluntarily raised the salary of Mike Gonzalez, the young Cuban catcher, who has made good with the Reds. Gonzalez was signed at a low figure as it was not certain that he could make good, but now that he has shown his ability he will draw a larger stipend.

The Giants' midge third baseman, Milton Stock, has so far more than made good McGraw's confidence in him by filling the shoes of Shafer and Hershner at the difficult corner. He is the most earnest, conscientious working youngster that ever broke into big league baseball and he is sure to be a popular favorite.

Empire Bill Klem's new armor is the last word in chest protectors. It is made of tough fiber, with cushions against the body by means of leather straps stuffed with hair. It fits snugly around the neck and offers a springy resistance to foul tips when Klem is sure will insure him against any more splintered collarbones.

Hank O'Day ought to have one card in his favor as manager of the Cubs. He is a native son of Chicago. Fans are more or less merciful, however, and Hank will have to hold up his end like any manager not native to the Windy City.

The Right Way to Roll a Cigarette

I. In fingers of left hand, hold cigarette paper curved, so as to receive the tobacco. Pour right quantity of "Bull" Durham out of muslin sack with right hand, strewing tobacco evenly in paper.

II. Then place your two thumbs next to each other in the middle of the paper in this position.

III. And roll the cigarette on the lower fingers, so that the index fingers move up and the thumbs move down. With the thumbs, gently but firmly force the edge of the paper over the tobacco, and

IV. Shape the cigarette by rolling it with the thumbs, as you draw them apart.

V. Hold the cigarette in your right hand, and

VI. Moisten the projecting edge of the paper.

VII. With fingers close ends of cigarette by twisting the paper, and you have a cigarette properly made, properly shaped and ready to smoke.

VIII. This is NOT the way to make a cigarette. The thumbs—not the index fingers should be used.
